Ok – I can send a quick email to Jenn/John before I sign off.

Ex. 5 AC/AWP/DP

I'm just thinking out loud here, but it might be good to set up a quick call with WFM early next week (like Tuesday) just to wrap up loose ends (CAFO, audit), logistics for signing, Appendices, etc. I think it would be faster than going back and forth via email. Thoughts?

Some thoughts/suggestions in the attached, up to the SEP section which I hope to get to tomorrow afternoon. I assume you're reviewing the draft John & Jenn sent earlier today (I have not), so I reckon we should talk about that tomorrow if you're in, with an eye toward turning it back to them on Monday. See also below for more (in blue!)based on actually having read the draft! THANKS!

Am looking at this now. Some answers/reactions (in advance of reading the draft) below -

See attached rough draft EAB memo. Initially I used the Walmart memo as a template, but I strayed in multiple places due to the circumstances of this matter, as well as the potential need for more description (e.g., setting up the factors associated with calculating the penalty per the RCRA penalty policy).

Per my usual way of doing things, highlighted sections are sections I have questions about, etc.

Questions/Issues:

Ex. 5 AC/AWP/DP

Ex. 5 AC/AWP/DP

Let me know if you have any questions, etc. I'll also forward you the SEP example.

Thanks,
Laura
